Attorney's Docket No.:07763-044001	:	
For: HIGH SPECIFICITY HAIRPIN ANTISENSE	:	
OLIGONUCLEOTIDES	:	

The petition to revive under 37 CFR 1.137(b) filed 04 January 2002 in the above-captioned application is hereby **GRANTED** as follows:

The petition states the following:

Applicant entered the national phase in a timely manner in designated foreign jurisdictions (AU, CA, EP, JP) but unintentionally failed to do so in the United States. Applicant submits that the entire period of delay was unintentional.

This statement is construed as being the statement required by 37 CFR 1.137(b)(3), that is, a statement that the "entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to this paragraph was unintentional." Applicants **must** notify this Office if this is **not** a correct interpretation of this statement. Based on this interpretation of the statement contained in the petition, item (3) under 37 CFR 1.137(b) is satisfied.

Applicants have now submitted the small entity basic national fee and the requirements of 37 CFR 1.137(b) have been satisfied. Therefore, the request to revive the application is granted as to the national stage in the United States of America.

The materials accompanying the petition to revive include an executed declaration in compliance with 37 CFR 1.497 and payment of the small entity surcharge for filing the declaration later than thirty months after the priority date.

This application is being returned to the National Stage Processing Division of the Office of PCT Operations for further processing in accordance with this decision. The 35 U.S.C. 371 date is 04 January 2002.
